

QListBoxItem

QListBoxItem

CompletionItem

```
graph BT; CompletionItem --> QListBoxItem1[QListBoxItem]; CompletionItem --> QListBoxItem2[QListBoxItem];
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'CompletionItem'. Two arrows originate from the top of this box and point upwards to two separate boxes, both labeled 'QListBoxItem', positioned above it. This indicates that 'CompletionItem' is a base class or abstract class, and the two 'QListBoxItem' boxes represent its subclasses or derived classes.
